

Vocabulaire / Définition / Représentation

					B	A	R	E1	E2	E3	N/3
T	N	4	0	3	Trouver l'inverse d'une fraction						
T	N	4	0	5	Représenter une fraction par un schéma						

Trouve l'inverse des fractions suivantes :

$$\frac{3}{4}$$

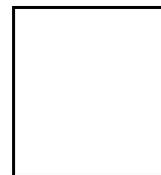

$$\frac{-5}{7}$$

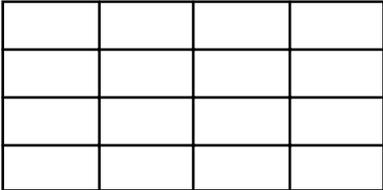

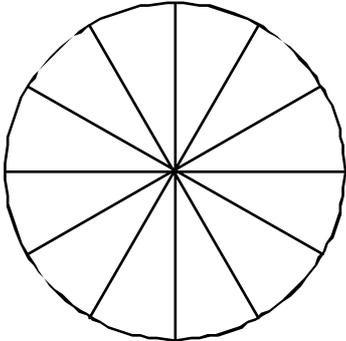

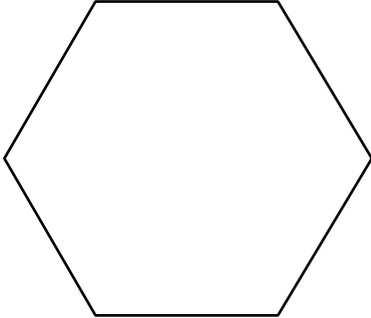

$$\frac{4}{-8}$$

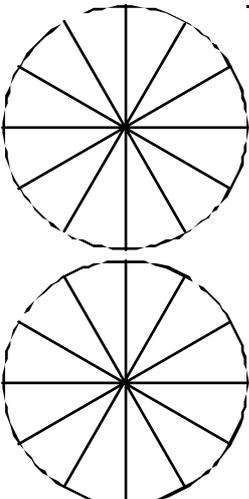

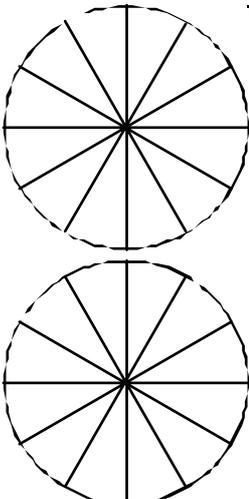

$$2$$

En hachurant une (ou des) partie(s) des schémas, représente les fractions données :

 $\frac{3}{8}$	 $\frac{1}{3}$	 $\frac{2}{3}$
---	---	---

	$\frac{19}{12}$		$\frac{9}{6}$
---	-----------------	--	---------------
